YASUO SHINONOME

It's that season when the one volume of the year comes out (laugh). —But actually, within the story, it's only been around two months since Haruna and Chika first met?!

I'm the artist, but I'm more surprised than anyone... (~~):

★ Thank you for picking up First Love Sisters volume 2!

It started running three years ago... and yet there are only nine chapters so far. It's amazing we managed to get a second volume out without any problems.

★ In volume 1, I was working from someone else's script, but starting with volume 2, I've been allowed to come up with the plot myself! Though there was one obstacle I had to follow up on the issues remaining from volume 1 & it took a while, but I managed to work everything out in my own way.

★ Well, Touko-sensei appears in this volume I said this in volume 1 too, but First Love Sisters has given me a lot of artists as well.

★

★ It's my first time drawing a character like Touko-sensei: a woman who's suave and flirtatious with women but sincere with the people she really likes ("...") It's fun.

★ Aoiwa has now overcome her past—the big issue raised in volume 1—so I'd like to include a bit more variety in the plot of the chapters to come, and focus some more on Aoiwa, Chion, and the others.

Well, I hope to see you again in volume 3.
